

SERVENT – services for events

SERVENT is the new online platform where event organizers and service providers from Luxembourg and the Greater Region can meet and get to know each other. This new portal is uniting the event sector in Luxembourg and beyond! We connect service providers, venues, and all sorts of activities with event organizers - individuals and agencies.

The use of SERVENT for the event organizer is free of charge.

The basic entries on SERVENT for all categories for service providers is also free of charge (maximum 1 entry per provider). Premium memberships with comprehensive presentation options and significantly more functionality (monthly fee), additional categories/entries per provider (monthly fee), as well as individual functions and services are chargeable.

A premium membership (from EUR 59.- per month) guarantees increased attention and as a result better contact opportunities. This is made possible by a preferred listing (search results), additional services, as well as comprehensive presentation options (longer description, tags, image galleries, media etc.). SERVENT is financed from these monthly fees and additional optional services for service providers.

SERVENT is not a booking portal or an event agency. The aim of SERVENT is to connect the providers of event venues, services and activities and the event organizers. A booking, a contract or a cooperation always takes place directly between the provider and the organizer. SERVENT does not receive a commission for the mediation of contacts.

The idea

SERVENT has been created by Julia Rimmel, a communication consultant and passionate about events and event management. The idea of a platform where all parties involved in the organisation of private and business events can meet and exchange has been in her head since some time. With the corona crisis shutting down most events and with it the concerned businesses, she decided to bring to life this idea in order to support the companies that share her passion: events.

The use of the platform is therefore free of charge, so that every business can subscribe without facing supplementary charges in this time of crisis. Still, upgraded profiles are an option at a reasonable cost.

“I am looking forward to being a part again of events in Luxembourg and the Greater Region. With SERVENT as the platform that brings the industry together, but also as a participant!”

Julia Rimmel, Founder of SERVENT
